We collected the missing data and conducted some preliminary analysis. We also found some data limitations we will work on.

Some of the limitations include: 2013 Mayoral Race missing, voter registration data may be missing, some datasets have incorrect column types that need manually fixed

- **What will we be working on next?**

For deliverable 2, we agreed with the client to expand our analysis on a few more questions and visualizations.

- **Have we run into any issues? Do I need help?**

As mentioned earlier we have some data limitations that we are addressing for the next deliverable.

- **Have we talked to the client recently? When are we meeting with them next?**

We met with a client Wed 3/3. We plan to meet bi-weekly, so the next meeting should be on the 17th of March.
